Reported injury:	knee injury

Description of the accident (claimant's words)

I was stopped at a red light on a main road in Conroe, Texas, when the car behind me hit my rear bumper hard enough to push my vehicle forward into the intersection. I felt a sharp pain in my right knee as it struck the dashboard, and I have been dealing with swelling and stiffness since. I gave the same description of what happened to the other driver, to the responding officer, and to the adjuster each time we spoke, and I have not changed any part of it. I am the driver of this vehicle, and I live in the same household as the policyholder, so I am submitting this claim as a covered member of that household. I am asking the insurer to review the damage to the vehicle and the medical costs related to my knee.
