Claim Notes

Claim number:	C-1387
Claimant:	Kathryn Melton
Adjuster:	Chelsea Hebert

05/22/2023
Claimant reported a left-turn collision at an intersection and said a neck strain developed afterward. Claimant is not represented by an attorney and is handling the claim directly.

07/04/2023
The police report and two independent witnesses place the claimant inside the vehicle at the time of impact. The other driver gave an account of the collision that matches the claimant's.

08/28/2023
Scene photos show damage consistent with the described impact, and the repair estimate lines up with the force of a crash of this kind. The driver is named on the policy.

09/13/2023
Claimant has told the same account of events in every conversation so far. The reported neck injury fits the kind and force of this impact.

10/31/2023
A neighbor believes the car was damaged some weeks before the reported collision. No earlier damage to the vehicle is on record, so this needs follow-up.

12/18/2023
No earlier injury to the neck or upper back is known from the records checked so far. Treatment has run somewhat longer than usual for this type of injury.

12/23/2023
The neighbor's report is being reviewed alongside the vehicle history and treatment timeilne before any decision is made.

Recorded Statement

Claim number:	C-1387
Statement of:	Kathryn Melton
Taken by:	Chelsea Hebert
Date:	05/22/2023

Q: Thank you for tkaing the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's alright.

Q: That's fine. For the record, can you confirm you were the driver of the vehicle involved in the collision in Pearland, Texas?

A: Yes, I was driving my own car.

Q: Walk me through what you were doing right before the impact.

A: I was turning left at the intersection, heading into the parking lot of a strip center. I had my blinker on and I was waiting for a gap in oncoming traffic.

Q: How did the other vehicle approach?

A: It came through from the opposite direction, and I thought it was far enough away. I started my turn and then it hit the front passenger side of my car.

Q: Did you see the other vehicle before you started moving?

A: I saw headlights, but they looked like they were a good distance back. I misjudged it, I think.

Q: Were there any traffic signals at that intersection?

A: There was a signal, and I believe my light was green for the turn arrow to clear. Honestly, I'm not one hundred percent sure how long it had been changing.

Q: Did you feel any pain at the scene?

A: Not right away. My neck started to feel stiff and sore later that evening, and by the next morning it was hard to turn my head.

Q: Have you seen a medical provider since the accident?

A: Yes, I went in for an evaluation a couple of days later. They said I have a neck strain and gave me a treatment plan.

Q: Is there anything else you think I should know about how the collision happened?

A: No, I think that covers it. I'm just hoping to get my car repaired and get some relief from the neck pain.

Q: Thank you. This concludes the statement.

A: Thank you.
