Description of the accident (claimant's words)

I was driving through the intersection on a green light when a car coming from my left ran its red signal and struck the side of my vehicle. The impact pushed my car sideways and I hit my right wrist against the door frame as I tried to brace myself. I stayed at the scene until the police arrived, and I have described what happened the same way every time I have spoken with the officer, the adjuster, and the medical staff. I am the named driver on this policy and I was operating my own vehicle with permission. After the crash I was taken for treatment, where the wrist was confirmed as fractured and placed in a cast. I am submitting this statement so that my claim can be reviewed, and I am happy to provide any further details that would help.
