Description of the accident (claimant's words)

I was stopped at a red light on a main road in Pasadena, Texas, when the car behind me hit my rear bumper hard enough to push my vehicle forward into the intersection. I felt a sharp jolt through the seat and braced against the steering wheel with my left hand. Later that day, I was diagnosed with a fractured wrist and wore a splint for several weeks. I have described the collision the same way to the officer at the scene, to the medical staff, and to the claims representative, and I have nothing to add or change. I am the named driver on this policy and was operating my own vehicle with the owner's permission at the time of the accident. I am providing this account so the claim can be processed based on what I personally saw and felt.
