Claim Notes

Claim number:	C-1391
Claimant:	Jennifer Zuniga
Adjuster:	Alison Sweeney

2-9-25
First notice of loss received for a low-speed head-on collision involving the insured vehicle. The claimant is represented by counsel, and all further contact will be routed through the attorney's office.

2-12-25
Confirmed the driver is named on the policy and that coverage was in force at the time of loss. Nothing in the file suggests the vehicle damage predates the policy start.

3-11-25
Police report and two independent witnesses confirm the claimant was seated in the vehicle at impact. Scene photos and the other driver's statement match the account given in the initial report.

3-12-25
Vehicle inspection shows damage consistent with the described impact and speed. No proir damage to the vehicle is recorded in our files or in the prior-claims database.

4-22-25
Medical records show a neck strain, which fits the type and force of this collision. No prior injury to the cervical area is known from the claimant's history or from available records.

5-24-25
Claimant's account has been consistent across the recorded statement, the attorney's written demand, and the follow-up call. Treatment followed a typical course of physical therapy and tapered off as the claimant improved.

8-10-25
Reviewed the file with the handling supervisor. Facts support the reported injury and the accident as described, and the claim is proceeding to evaluation under the standard represented-claimant process.

Recorded Statement

Claim number:	C-1391
Statement of:	Jennifer Zuniga
Taken by:	Alison Sweeney
Date:	12-30-24

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported. Please state your full name for the record.

A: I'd rather just go by my initials for this one, if that's okay.

Q: That's fine. Can you describe where the collision happened?

A: It was on a two-lane road in League City, Texas, near a shopping center. Traffic was light and it was a clear afternoon.

Q: What were you doing right before impact?

A: I was heading toward the intersection and slowed down for a car ahead that was turning. The other vehicle came over into my lane. I braked, but we still met nose to nose.

Q: How fast were you traveling when the vehicles made contact?

A: Not fast at all. I'd guess under fifteen miles an hour. Nobody's airbags went off, and both cars were still drivable, though they were towed.

Q: Did you feel any injury at the scene?

A: Not right away. I felt a little stiff in the neck, but I figured it would pass. By that evening the pain had gotten worse, mostly on the left side, and I had trouble turning my head to check mirrors.

Q: Have you sought medical treatment since the collision?

A: Yes, I saw my family doctor the next morning. They diagnosed a neck strain and gave me muscle relaxers and a referral for physical therapy. I've been going twice a week.

Q: Have you had any neck problems before this collision?

A: Nothing serious. I had some occasional stiffness from sitting at a desk, but nothing that stopped me from working or sleeping.

Q: Is there anything else you'd like to add to your statement?

A: Only that I want to cooperate fully and get my records to you as soon as possible.

Q: Thank you. This concludes the recorded statement.
