Reported injury:	whiplash

Description of the accident (claimant's words)

I was making a left turn at an intersection in Pearland, Texas, when another vehicle struck the side of my car. I had been waiting for a gap in oncoming traffic and was moving slowly when the impact happened. Immediately afterward my neck snapped forward and back, and by the next morning I was dealing with stiffness, headaches, and pain running into my shoulders. I have described the collision the same way every time I have spoken about it, to the officer at the scene, to the adjuster, and to the medcial staff who examined me. I am the driver of the vehicle, and I live in the same household as the policyholder, so I am submitting this statement as a covered member of that household.
