Description of the accident (claimant's words)

I was backing out of a parking spot at a grocery store in Katy, Texas, when my car was struck on the driver's side by a vehicle that came down the aisle faster than I expected. I had checked my mirrors and was moving slowly, so the impact caught me by surprise. The force jolted me against the seatbelt and I felt a sharp pain in my right shoulder right away. I stayed at the scene until the other driver and store staff were there, and I gave the same description of what hpapened to everyone who asked, including the officer who came out and the staff member who took my details. I am the named driver on this policy, and I am reporting the collision so the damage to my vehicle and my medical costs for the shoulder injury can be reviewed.
