Bodily Injury Unit

Claim Notes

Claim number:	C-1396
Claimant:	Edward Luna
Adjuster:	Chelsea Hebert

2023-12-05
First notice of loss received from the claimant reporting a side impact at a signalized intersection. The claimant states the other vehicle entered the intersection on a red signal and struck the driver's side of the claimant's car.

2023-12-08
Confirmed that the driver is named on the policy and that the policy was in force on the date of loss. Nothing in the file suggests the damage predates the start of coverage.

2024-01-09
Obtained the police report. The responding officer confirms the claimant was in the vehicle at the scene and documents damage consistent with a side impact.

2024-01-14
Contacted the other driver, who independently confirms the accident happened as the claimant described it. Both accounts agree on the sequence of events and the signal phase.

2024-03-08
Reviewed photos taken at the scene and the two witness statements on file. Both witnesses describe the same collision sequence, and the photos show damage on the driver's side that fits the reported impact.

2024-03-16
Inspected the vehicle and the damage pattern lines up with the described impact angle and piont of contact. No earlier damage to the vehicle is known from prior claims or repair records.

2024-05-02
Claimant reports a shoulder injury from the impact and has been seen by a treating provider. The reported injury is plausible for a collision of this type.

2024-05-07
Reviewed the treatment records. Care followed a usual course, with physical therapy and medication, and the claimant's symptoms eased steadily as recovery progressed.

2024-06-09
Checked prior claim and medical history. No earlier injury to the same shoulder area is on record.

2024-06-20
In a follow-up call the claimant added a few small details about the moments befroe and after the impact. The core account remained the same as the original report.

2024-06-30
Reviewed the file against the coverage and liability questions. The facts support the claimant's account of the loss, and no inconsistencies have been identified that would change the assessment.

2024-07-13
Updated the reserve and notified the claimant of the next steps for the injury portion of the claim. File remains open pending final treatment records.

Recorded Statement

Claim number:	C-1396
Statement of:	Edward Luna
Taken by:	Chelsea Hebert
Date:	2023-12-05

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on the recording, but you can note that I'm the driver of the vehicle involved.

Q: That's fine. Can you tell me where the accident happened?

A: It was at a four-way intersection in Houston, Texas. I was going straight through on a green light.

Q: Had you been to that intersection before?

A: Yes, I drive through it most weekdays, so I know it well.

Q: Describe what happened when the other vehicle entered.

A: A pickup coming from my right ran the cross street. I saw it at the last second and tried to brake, but it hit the driver's side of my car.

Q: Were you able to stop, or did you make contact before braking fully?

A: I had started braking but there wasn't time to stop. The impact was on my door.

Q: Did you go to the hospital or see a doctor afterward?

A: Yes, an ambulance took me to the emergency room that evening. They checked me over and sent me home with instructions.

Q: What injuries are you dealing with now?

A: My right shoulder hurts when I raise my arm above my head, and I have stiffness in my neck. I've been doing physical therapy twice a week.

Q: Have you had any problems with that shoulder before this accident?

A: No, I had no problems with it before. I was atcive and it never bothered me.

Q: Is there anything else you want to add to your statement?

A: Only that I'm still missing work because of the pain, and I'd like the claim handled as quickly as possible.

Q: Thank you. This concludes the statement.

A: Thank you.
