Description of the accident (claimant's words)

I was driving through the intersection on a green light when a vehicle coming from my right ran the red and struck the driver's side of my car. The impact pushed my vehicle sideways and I felt a sharp pain in my right shoulder almost immediately. I stayed at the scene until the police arrived and gave them my account, which I have kept consistent since that moment. Looking back, I have remembered a few more small details, such as the position of the otehr car's headlights and the sound of the brakes, but the core of what happened has not changed. I am the named driver on this policy and I am submitting this statement so my claim can be reviewed.
