Claim Notes

Claim number:	C-1401
Claimant:	Perry Wilson
Adjuster:	Jerry Hanson

2023-02-10
Claim opened for a left-turn collision at an intersection with a reported whiplash injury. The insured's driver is listed on the policy, and the claimant is represented by counsel, so all contact will be routed thorugh the attorney's office.

2023-03-25
Police report and two statements confirm the claimant was in the vehicle at the time of impact. No independent witnesses have come forward to describe how the clolision happened.

2023-04-08
Photos from the scene and the repair shop show damage consistent with the impact described by both drivers. Nothing in the file points to earlier damage on the vehicle, and nothing suggests the damage predates the policy's coverage start.

2023-04-24
Recorded call with the claimant's attorney. The client's account of the turn and the impact matches what was told at first notice, with no changes in the details.

2023-06-01
Medical records received for the initial emergency visit. The diagnosis of whiplash is plausible for a rear-quarter impact at this speed, and no earlier treatment to the neck or upper back appears in the records.

2023-06-06
Reviewed the prior claims history and the claimant's medical history with the claimant's consent. No earlier injury to the same body area is on file.

2023-07-18
Physical therapy notes received. Treatemnt followed a usual course for this type of injury, with visits tapering off as the claimant's range of motion improved.

2023-07-25
Spoke again with the claimant's attorney to confirm the remaining treatment schedule. The claimant has been consistent about symptoms and history in every conversation so far.

2023-08-31
Reviewed the repair estimate against the photos and the impact description. The damage pattern matches the reported collision, and the repair scope is in line with the vehicle's make and model.

2023-09-14
Final review completed. The reported injury, treatment course, and vehicle damage all line up with the described loss, and the file is ready for settlement evaluation.

Recorded Statement

Claim number:	C-1401
Statement of:	Perry Wilson
Taken by:	Jerry Hanson
Date:	2023-02-10

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in while turning left in Houston. Is it all right if we proceed?

A: Yes, that's fine.

Q: Please describe what happened, in your own words.

A: I was driving through an intersection and wanted to turn left onto the cross street. There was a gap in oncoming traffic, so I started the turn. A vehicle coming the other way hit the front passenger side of my car.

Q: Did you see the other vehicle before you began your turn?

A: I saw it, but it looked like it was still a good distance away. I judged that I had time to make the turn.

Q: Was the signal in your favor when you entered the intersection?

A: I believe it had just turned yellow. I was going to make the turn on the arrow, but the arrow had already ended by then.

Q: Did you have any injuries at the scene?

A: I had some neck stiffness right away, but I didn't think much of it. By the next morning the pain had gotten worse, and I had trouble turning my head to the side.

Q: Have you seen a doctor snice the collision?

A: Yes, I went to an urgent care clinic two days later. They diagnosed whiplash and gave me a neck brace and some medication. I've been going to physical therapy twice a week since then.

Q: Are you still experiencing symptoms?

A: Yes. Sitting for long periods makes it worse, and I get headaches at the back of my head most afternoons.

Q: Is there anything else you'd like to add?

A: No, I think that covers it. I'll send over the medical bills and the repair estimate when I have them.

Q: Thank you. That concludes this statement.
