Claim Notes

Claim number:	C-1402
Claimant:	Samantha Fowler
Adjuster:	Christopher Wong

2024-02-06
Claim received for a rear-end collision in which our insured's vehicle was struck from behind while stopped at a traffic signal. The claimant has retained counsel, and all further contact will go through the attorney's office.

2024-02-08
Reviewed the police report, which records the claimant as a passenger in the vehicle at the time of impact. The report and the statements of two independent witnesses are consistent with the account given at first notice.

2024-02-23
Spoke with the at-fault driver, who acknowledged responsibility and described the impact in the same terms as the witnesses. Photographs taken at the scene show rear-end damage that is largely in line with the reported force of impact.

2024-03-31
Received the claimant's injury notice through counsel, describing neck pain and stiffness consistent with whiplash. The mechanism of injury appears well matched to the kind and force of the crash.

2024-04-01
Confirmed with the policy records that the driver involved is listed as a named driver on the policy, and that the policy was in force at the time of loss with no coverage gap.

2024-04-23
Checked the vehicle history and prior claims database. No earlier damage to the vehicle is on file, and nothing suggests the damage predates the policy's effective date.

2024-05-01
Recorded the claimant's account in a recorded call with counsel present. The details matched the earlier description given at first notice, and the claimant has given the same account in every conversation so far.

2024-05-05
Reviewed the medical records provided through counsel. The treatment followed a usual course of care and tapered as the claimant's condition improved. No prior injury to the same body area is known from the records or from the claimant's history.

2024-05-27
Obtained the repair estimate and the appraiser's inspection notes. The damage is mostly consistent with the described impact, and the repair scope has been reviewed line by line with the appraiser.

2024-06-06
Followed up with the treating provider's office to confirm billing and treatment dates. The billing lines match the records and the expected course of treatment for this type of injury.

2024-07-12
Spoke with counsel to review the status of treatment and the demand package. Counsel confirmed the claimant's recovery is progressing and that treatment is winding down.

2024-07-21
Updated the reserve to reflect the current treatment status and repair scope. The file is on track for evaluation, with

no open coverage questions at this time.

Recorded Statement

Claim number:	C-1402
Statement of:	Samantha Fowler
Taken by:	Christopher Wong
Date:	2023-12-01

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the rear-end collision you were involved in on a street in League City, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state where you were coming from and where you were headed when the collision happened.

A: I was driving home from a errand near the shopping center and was heading toward my house on the other side of town.

Q: Can you descrbie the traffic conditions at the time?

A: It was fairly steady. Traffic was moving but the cars ahead of me were slowing down for a light.

Q: What happened when you came to a stop?

A: I stopped behind a car at the light. I had my foot on the brake and was stationary when I felt a hard jolt from behind. My head snapped back and then forward.

Q: Did you see the vehicle that struck you before the impact?

A: No, I did not. I saw it in my mirror only after I heard the brakes squeal, which was too late.

Q: Did you get out of your vehicle at the scene?

A: I did, but I felt dizzy and my neck was stiff, so I sat back down and waited for the officer.

Q: Have you sought medical treatment since the collision?

A: Yes, I went to a clinic the same day. They told me I have whiplash and gave me a neck brace and some pain medication.

Q: Are you experiencing any symptoms right now?

A: Yes. My neck is sore, I have headaches, and turning my head to the left is painful. I have been resting and following the doctor's instructions.

Q: Thank you. Is there anything else you would like to add to your statement?

A: No, I think that covers it. I appreciate you following up.
