Claim Notes

Claim number:	C-1403
Claimant:	Courtney Webb
Adjuster:	Darin Tyler

6-29-25
Claim opened after the insured reported a low-speed collision in a shopping center parking lot. The claimant, the other vehicle's driver, has retained counsel, and all further contact is being routed through the attorney's office.

9-21-25
Reviewed the first notice of loss and confirmed the driver is named on the policy. Coverage appears to be in force for the vehicle involved and the reported circumstances.

9-22-25
Obtained the initial photographs from the insured and the claimant's side. The visible damage is mostly in line with the impact described by both parties.

10-3-25
Two witnesses who were in the lot have given statements. Both confirm the collision happened in the manner described, with the vehicles backing into one another while maneuvering out of parking spaces.

10-14-25
Claimant's counsel submitted a demand package including initial treatment records reporting a back strain. The reported injury is plausible for a collision of this type, though the records do not yet describe the claimant's seating position at impact.

10-21-25
Treatment has continued somewhat longer than is typical for this injury. Requested updated records and an itemized list of visits to understand the course of care.

11-3-25
Medical history provided shows no prior injury to the same area of the back. No earlier claims involving this body region have been identified in the index search.

12-5-25
Spoke with the claimant's counsel about the seating position. It is not fully clear from the current file where in the vehicle the claimant was sitting, and the answer may matter for evaluating the injury mechanism.

1-9-26
Claimant later supplied a few additional details about the moments before impact. These are minor, and the core account has stayed the same since the first statement.

2-12-26
Inspection noted a few old scratches on the claimant's vehicle that may predate this incident. A neighbor has also mnetioned seeing earlier damage a few weeks before the claimed date, and this is being followed up before any valuation is finalized.

Q: Thank you for agreeing to give this recorded statement. Can you confirm you're comfortable with us recording this call?

A: Yes, that's fine.

Q: Please describe where the collisoin happened and what you were doing at the time.

A: It was in a parking lot at a shopping center in Sugar Land, Texas. I had just pulled into a spot near the store entrance and was backing out to leave.

Q: What happened as you were backing out?

A: I checked my mirrors and didn't see anything behind me, so I started slowly reversing. Then I felt a bump on the driver's side rear and heard a crunch. The other vehicle had come down the aisle and I didn't see it in time.

Q: How fast were you moving when the contact occurred?

A: Very slowly, maybe a walking pace. I was barely rolling.

Q: Was anyone else in your vehicle?

A: No, I was alone.

Q: Did you get out and speak with the other driver?

A: Yes. We exchanged insurance information and took a few photos of both cars with our phones.

Q: Did you feel any injury at the scene?

A: Not right away. My lower back felt tight, and by the next morning it was sore and stiff. I've been diagnosed with a back strain and I'm doing physical therapy.

Q: Have you seen a medical provider since the collision?

A: Yes, I saw a doctor and I'm following the treatment plan they gave me.

Q: Is there anything you would like to add or correct about your statement?

A: No, I think that covers it.

Q: Thank you. This concludes the recorded statement.
