Claim Notes

Claim number:	C-1405
Claimant:	Scott Fox
Adjuster:	Chelsea Hebert

6-2-25
Claimant reported a left-turn collision at an intersection and stated a knee injury from the impact; the claim was opened and the file assigned for review.

6-4-25
Reviewed the police report and spoke with the other driver, who described the collision the same way the claimant did; the driver is named on the policy and the coverage was in force at the time.

6-27-25
Two independent witnesses and scene photographs match the described sequence, and the police report confirms the claimant was in the vehicle when it happened.

10-3-25
Vehicle damage was inspected and is consistent with the reported impact; no prior damage to the vehicle is known, and nothing in the file suggests the damage predates the policy start.

11-20-25
Claimant's account has stayed the same across every call and written statement, with no changes in the details of the turn or the impact.

12-30-25
Medical records show the knee injury fits the kind and force of the crash, and no earlier injury to that body area is known from the claimant's history or prior records.

1-14-26
Treatment followed a usual course and tapered as the claimant improved; the file is being prepared for the inujry evaluation with no open questions on causation.

Recorded Statement

Claim number:	C-1405
Statement of:	Scott Fox
Taken by:	Chelsea Hebert
Date:	6-4-25

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather not put my name on it yet, if that's alright. I'm the driver of the vehicle that was hit.

Q: Understood. Can you describe where you were when the collision happened?

A: I was making a left turn at a signaled intersection in Katy, Texas. I had the green arrow, or at least I believed I did.

Q: What happened as you turned?

A: A vehicle coming from the opposite direction came through the intersection and struck the front passenger side of my car. I had already started into the turn, so I couldn't avoid it.

Q: Did you see the other vehicle before impact?

A: Only for a second. It was moving quickly, and I didn't have much time to react.

Q: Were you wearing your seatbelt, and did the airbags deploy?

A: Yes to the seatbelt. The airbags did deploy on my side.

Q: Have you been seen by a medical provider since the accident?

A: Yes. My left knee took most of the impact against the dashboard area. It swelled up fast, and I've had trouble bearing weight on it. I've been told it may need an MRI.

Q: Did anyone else ride in your vehicle?

A: No, I was alone.

Q: Is there anything you would like to add to your statement?

A: Only that I'm still dealing with the knee pain and I'm hoping to get my car repaired soon. I'm willnig to provide any records I have.

Q: Thank you. This concludes the statement.

A: Thank you.
