Claimant:	Aaron Gonzalez
Adjuster:	Chelsea Hebert

October 27, 2024
First notice of loss received from the claimant's attorney, who reports a rear-end collision at a signalized intersection involving the insured's vehicle. The attorney states the claimant has neck and back pain and is represented going forward.

November 20, 2024
Confirmed the driver listed on the policy was operating the insured vehicle at the time of loss, and the policy was in force with no gaps in coverage. No indication the damage predates the policy start.

November 26, 2024
Police report obtained. It places the claimant's vehicle in the stopped lane at the time of impact and records the other driver's account, which matches the claimant's statement.

December 14, 2024
Two independent witnesses gave statements describing the impact the same way the claimant and the other driver did. Scene photos reviewed and consistent with the described collision.

December 18, 2024
Vehicle inspection completed. Rear bumper, trunk lid and tail lamp damage is consistent with the force of the reported impact. A few older scratches near the bumper may predate this loss and have been noted separately for the estimate.

December 30, 2024
Claimant's attorney provided the medical summary. Reported injuries are neck and back strain, which fit the type and force of a rear-end impact of this kind.

January 3, 2025
Records show no prior treatment to the neck or back area in the records reviewed so far. Rqeuested prior claim history to confirm.

January 5, 2025
Treatment followed a typical course of physical therapy and medication. Provider notes show steady improvement, and vistis have tapered as the claimant recovers.

February 18, 2025
Claimant has given the same account of the collision in each contact, including the attorney's correspondence, the recorded statement and the medical intake forms.

March 25, 2025
Reviewed the file. The accident, the claimant's presence in the vehicle, the damage and the injury pattern all line up, so the claim is proceeding under standard handling with the attorney as point of contact.

Recorded Statement

Claim number:	C-1406
Statement of:	Aaron Gonzalez
Taken by:	Chelsea Hebert
Date:	August 15, 2024

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in at an intersection in Conroe, Texas. Is it all right if we proceed?

A: Yes, that's fine.

Q: Please state your full name for the record.

A: I'd rather just be referred to as the claimant for this, if that works.

Q: That's acceptable. Can you describe what you were doing just before the collision?

A: I was stopped at a red light in the right-hand lane, waiting to turn. The traffic had been moving slowly all morning.

Q: What happened next?

A: The vehicle behind me didn't stop in time. I felt a hard jolt from behind and my head snapped back and forward.

Q: Did you notice any injuries at the scene?

A: Not right away. I felt stiff, but I thought I'd just be sore for a day or two. By that evening my neck was tight and my lower back was aching.

Q: Have you sought medical treatment since the collision?

A: Yes, I went to an urgent care clinic the next day. They diagnosed a neck and back strain and gave me muscle relaxers and a referral to a physical therapist.

Q: Are you still experiencing symptoms?

A: Yes. Turning my head to check mirrors is painful, and I can't sit for long periods without my back complaining. I've had to take time off from some of my usual work.

Q: Thank you. Is there anything else you'd like to add to your statement?

A: Only that I'm following my treatment plan and I want to get back to normal as soon as I can.

Q: Thank you for your cooperation. This concludes the recorded statement.
