Description of the accident (claimant's words)

I was stopped at a red light on a busy road in Conroe, Texas, when the car behind me struck the rear of my vehicle. The impact was hard enough to push me forward against my seatbelt, and I felt an immediate pain in my neck and lower back. I stayed at the scene until the other driver and I exchanged information and the police report was filed. I have described what happened the same way every time I have spoken with the adjuster, the officer, and my own doctor, and I have nothing to add or change. I am the named driver on this policy and I am submitting this claim for the medical costs and vehicle repairs that followed. My neck and back strain has limited my ability to work and drive comfortably, and I am following the treatment plan my physician set out.
