Officer's narrative

Driver 1 was traveling in Katy, Texas, and reported that Driver 2's veihcle struck the driver's side while Driver 1 was completing a left turn. Driver 1 reported neck and back strain. The injury pattern is consistent with the force and direction of this impact. Vehicle damage on both cars matches the described collision. Photographs taken at the scene confirm several details of the account, but no independent witnesses were located. Driver 2 and the Passenger both stated that Driver 1 was inside the vehicle at the time of the crash, and the responding officer observed Driver 1 at the scene. Some minor scratches on Driver 1's vehicle appeared older than the current damage, and the reporting officer noted that they may predate this collision. Driver 1 is listed as a named insured on the policy covering the vehicle. No citations were issued at the scene. Further follow-up is pending.
