Description of the accident (claimant's words)

I was changing lanes on a multi-lane road in Katy, Texas, when a vehicle in the lane I was moving into drifted over and sideswiped the passenger side of my car. I pulled onto the shoulder right away and stayed at the scene until the police report was filed. My story has not changed since that moment: I have described the same sequence of events to the officer, to the adjuster, and to my own doctor. The imapct pushed my car towrad the median, and as I braced against the steering wheel and door frame, I felt my left wrist strike the console. I was seen at a clinic the same day, where an X-ray confirmed a fractured wrist and I was placed in a splint. I am the named driver on this policy, and I am submitting this statement so the claim can be reviewed.
