Description of the accident (claimant's words)

I was making a left turn in Conroe, Texas, when another vehicle struck the side of my car. I had been waiting for a gap in oncoming traffic and had started moving once the lane looked clear. The impact threw me against the driver's side, and I felt dizzy and nauseous almost immediately. I was taken to the hospital, where I was diagnosed with a concussion and told to rest and avoid screens for several days. Since giving my first statement, I have remembered a few small details, such as the other driver's brief comment at the roadside, but the core of what happened has not changed. I am the named driver on this polciy and I have provided my information for this claim in full.
