Statement of:	Johnny Kim

Date:	16 Apr 2023

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim file purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe in your own words what happened at the intersection.

A: I was making a left turn at a signalized intersection in Pearland. I had the green arrow, or at least I thought I did. I was about halfway through the turn when a vehicle coming from the opposite direction hit the front driver's side of my car.

Q: Did you see the other vehicle before the impact?

A: Not really. I glanced up and it was already close. I braked, but there wasn't time to avoid it.

Q: Were you wearnig your seatbelt?

A: Yes, I was.

Q: Did airbags deploy in your vehicle?

A: The driver's side airbag went off. It was loud and my arm got pushed back.

Q: Where are you feeling injuries right now?

A: My right shoulder. It's sore and I can't lift my arm above my shoulder without pain. I went to urgent care the same day and they took X-rays and gave me a sling.

Q: Have you seen a doctor since then?

A: Yes, I have a follow-up with an orthopedic provider next week. They mentioned possible rotator cuff involvement, but they want an MRI first.

Q: Has anyone else been in the vehicle with you?

A: No, I was alone.

Q: Is there anything you'd like to add about the incident?

A: Only that I'm willing to share my photos from the scene and my repair estimate whenever you need them.

Q: Thank you. We'll follow up with the next steps by mail. That concludes our recorded statement.

A: Okay, thank you.
