Description of the accident (claimant's words)

I was making a left turn at an intersection in Pearland, Texas, when another vehicle came through from the opposite direction and struck the side of my car. I had slowed to a near stop and was waiting for a gap in traffic when the impact happened. The force threw me against the door and I felt a sharp pain in my right shoulder almost immediately. I have described the collision the same way each time I have spoken about it, to the other driver, to the responding officer, and to my medical providers. I am not listed on the policy for this vehicle, and I do not live with the policyholder; I was driving with permission at the time. I am reporting this so the claim can be reviewed, and I will provide any records or statements requested to support it.
