Description of the accident (claimant's words)

I was stopped at a red light on a main road in Baytown, Texas, when the car behind me struck my rear bumper. The impact was hard enough to jolt my head forward and back, and I felt a sharp pain in my neck and upper back within minutes. I stayed at the scene until the other driver and I exchanged details, and I have described what happened in the same way every time I have spoken with the adjuster, the police officer, and my doctor. I am the named driver on this policy, and I am filing this claim for my own vehicle damage and for the whiplash injury I have been treated for since the collision. My neck remains stiff, and I have been advised to continue physical therapy for several weeks.
