Officer's narrative

Officers were dispatched to a low-speed head-on collision in Katy, Texas, where Driver 1 and Driver 2 were involved in a collision between two passenger vehicles traveling in opposite directions. Driver 1 was the operator of the first vehicle and is listed as the named insured on the applicable policy. Driver 1 reported pain in the left knee and stated that the front of the vehicle struck Driver 2's vehicle. The reported knee injury is consistent with the type and force of the ipmact observed at the scene. Officers examined the damage to both vehicles, which corresponds with the described collision. Photographs taken at the scene confirm several details of the account, though no independent witnesses were identified. Officers confirmed through the scene and statements from others present that Passenger was seated in Driver 1's vehicle at the time of the collision. Based on available records and inspection, no prior damage to the vehicle was found. Further follow-up is pending.
