Claim Notes

Claim number:	C-1417
Claimant:	Corey Petty
Adjuster:	Darin Tyler

8-31-24
The insured reported a collision at an intersection while turning left across oncoming traffic, and the other driver was also at the scene when I arrived.

9-21-24
The driver of the insured vehicle is listed on the policy, and I confirmed the coverage was in force at the time of the loss.

10-12-24
Police attended and their report places the insured vehicle in the intersection with the other vehicle, and a responding officer noted the claimant was seated inside the car.

10-26-24
Two independent witnesses gave statements that match the sequence the insured described, with the left turn and the oncoming car's approach.

11-7-24
Photographs taken at the scene show dmaage to the front of the insured vehicle and the side of the other car, which fits the angle of impact described.

12-19-24
The other driver's account lines up with the insured's on the main facts of the collision, and neither party has offered a conflicting version.

12-20-24
I inspected the vehicle and found the damage is largely consistent with the impact described, with no sign of earlier repairs or prior collision damage that I could identify.

1-4-25
No earlier damage to the vehicle appears in our records or in the prior claims history, and nothing suggests the damage predates the start of coverage.

1-15-25
The claimant has retained a lawyer, who has asked that all further contact go through their office, and I have logged that instruction.

1-27-25
The claimant reported a knee injury and the medical records describe an injury that fits the type and force of the crash, with no prior treatment to that body area on file.

2-18-25
Treatment has continued somewhat longer than is typical for this kind of knee injury, and I have requested the treating provider's notes to understand the progress.

2-28-25
The claimant has since provided small additional details about the momnets before the impact, but the core account has stayed the same across every statement taken so far.

Recorded Statement

Claim number:	C-1417
Statement of:	Corey Petty
Taken by:	Darin Tyler
Date:	7-13-24

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the collision you were involved in while turning left in Sugar Land. Can you start by describing where you were heading when it happened?

A: Sure. I was driving to the grocery store on the main road, and I needed to turn left into the shopping center parking lot.

Q: What was the traffic like at the intersection?

A: It was fairly busy, a normal afternoon crowd. I was waiting for a gap in the oncoming cars. When it looked clear, I started my turn.

Q: Did you see the other vehicle before you began turning?

A: I saw it, but it looked far enough away. I thought I had time. Then it came through much faster than I expected.

Q: Where did the impact occur on your vehicle?

A: The front passenger side of the other car hit the driver side of mine, near the middle of the car.

Q: Were you wearing your seatbelt, and did the airbags deploy?

A: Yes, I had my seatbelt on. The airbag on my side went off, and I hit my right knee pretty hard on the lower dash.

Q: How is the knee doing now?

A: It's swollen and painful, especially when I bend it or try to put weight on it. I went to urgent care that same day, and they referred me to an orthopedic doctor for an MRI.

Q: Have you had any prior problems with that knee?

A: No, not that I can recall. I play some recreational softball, but I haven't had any injuries there.

Q: Thank you. Is there anything else you'd like to add to your statement?

A: Just that I was trying to be careful. I'd appreciate it if you could let me know what the next steps are for my medical bills.

Q: I will. Thank you for your cooperation today.
