Claim Notes

Claim number:	C-1418
Claimant:	Linda Arnold
Adjuster:	Darin Tyler

August 20, 2024
First notice of loss received for a rear-end collision in which the insured's vehicle was struck from behind while stopped at a traffic signal. The claimant is represented by counsel, and all further conatct is being routed through the attorney's office.

September 21, 2024
Confirmed the driver is named on the policy and the policy was in force at the time of loss. Police report reflects the claimant was present in the vehicle, and the responding officer's notes match the parties' statements on the general sequence of events.

November 19, 2024
Reviewed scene and vehicle photographs. Damage to the rear of the claimant's vehicle is largely consistent with the described impact, though a few old scratches on the bumper area may predate this crash and will need to be separated out during appraisal.

November 21, 2024
Spoke with a neighbor who reported seeing the vehicle with rear damage several weeks before the claimed date of loss. The statement is unverified and has been noted for follow-up, since no independent witness has come forward for this collision.

November 27, 2024
Claimant's account has remained the same across every conversation, including the initial call and the recorded statement given through counsel. Medical records show whiplash diagnosis, with no prior injury to the neck or upper back found in the history provided so far.

January 12, 2025
Treatment has continued somewhat longer than is typical for this type of soft-tissue injury. It is not yet clear whether all of the treatment is related to this crash, and a records review has been requested to address causation.

February 2, 2025
File remains open pending receipt of complete medical records, the appraisal with the scratch allocation, and the outcome of the neighbor follow-up. Next review is scheduled once counsel responds to the records request.

Recorded Statement

Claim number:	C-1418
Statement of:	Linda Arnold
Taken by:	Darin Tyler
Date:	July 10, 2024

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the rear-end collision you reported in Pasadena, Texas. Please state your full name for the record.

A: I'd rather just give my first name for now, if that's all right.

Q: That's fine. Can you describe where you were driving and what the traffic was like?

A: I was heading east on a main road in the late afternoon. Traffic had slowed to a crawl near a shopping center, so I was stopped behind a sedan at a light.

Q: What happened next?

A: The light was still red when I felt a hard jolt from behind. My head snapped fowrard and then back against the headrest. The car behind me had hit me, and I could see the other driver's bumper right in my mirror.

Q: Did you exit your vehicle or speak with the other driver?

A: I got out and walked around. The other driver said they had looked down at their phone for a second. We exchanged information, and an officer came out to take a report.

Q: Did you seek medical attention after the collision?

A: I went to an urgent care clinic that evening. My neck was stiff and sore, and by the next morning I had pain running into my shoulders and a headache. The doctor told me it looked like whiplash and gave me a referral for physical therapy.

Q: Are you still experiencing symptoms today?

A: Yes. Turning my head to check blind spots is painful, and I've had trouble sleeping. I'm attending therapy twice a week, and I've had to limit how long I sit at my desk.

Q: Thank you. Is there anything else you would like to add to your statement?

A: No, I think that covers it. I just want my car repaired and my recovery handled properly.

Q: Thank you. This concludes the recorded statement.
