Description of the accident (claimant's words)

I was backing out of a space in the lot of a shopping center in Pasadena, Texas, moving slowly, when my rear bumper struck the front corner of a parked sedan that had been idling in the lane behind me. I stopped immediately, got out, and checked both vehicles before exchanging information with the other driver. The impact was low speed, but I felt a sharp pain in my neck and upper back within an hour, and by the next morning I had stiffness and headaches that have made turning my head difficult. I have described the events of that afternoon the same way to the adjuster, to the police officer who responded, and to my doctor, and I have not added or removed any detail along the way. I am the named driver on the policy listed on this claim, and I am submitting this statement so the damage to both cars and my medical treatment for whiplash can be reviewed.
