Claim Notes

Claim number:	C-1421
Claimant:	Johnathan Mosley
Adjuster:	Alison Sweeney

June 25, 2024
Claim opened for a parking lot collision in which the insured's vehicle was struck while stationary. The claimant reports neck and back strain and is not represented by counsel, so all communication is going directly to the claimant.

June 26, 2024
Reviewed the first-notice statement. The claimant describes a rear impact at low speed in the lot, with the other vehicle backing into the claimant's car.

July 2, 2024
Obtained the police report and statements from two independent witnesses. Both confirm the collision happened as described and place the claimant inside the vehicle at the time.

September 29, 2024
Photos of the scene and the other driver's account match the claimant's descripiton of the impact point and direction.

September 30, 2024
Inspected the vehicle damage. The rear bumper and trunk panel damage is consistent with the force and angle described in the reports.

October 13, 2024
Checked prior claims and records for this vehicle. No earlier damage to the vehicle is on file, and nothing suggests the damage predates the policy's coverage start.

November 4, 2024
The claimant's medical records show the reported neck and back strain. No prior injury to the same body areas is known from available history, and the injury pattern fits the kind of force involved in this collision.

November 24, 2024
Claimant called to add a few details about the seating position and the moment of impact. The additional details are minor, and the core account has stayed the same since first notice.

December 19, 2024
Treatment has grown well beyond what this type of strain usually needs, with more visits and new services added month after month. Requested treatment records and an independent medical review to look at the care plan.

December 28, 2024
Confirmed the driver is named on the policy. The file remains open pending the medical review and the bodily injury evaluation.

Recorded Statement

Claim number:	C-1421
Statement of:	Johnathan Mosley
Taken by:	Alison Sweeney
Date:	June 21, 2024

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the parikng lot collision you reported in Houston, Texas. Please state your full name for the record.

A: Sure. I'd rather not put my full name on it, so just call me the claimant.

Q: That's acceptable for the file. Can you describe where you were when the collision happened?

A: I was backing out of a space near the store entrance. It was a busy afternoon and the lot was crowded.

Q: Did you see the other vehicle before contact?

A: Not right away. I checked my mirror, saw nothing behind me, and started reversing. Then I felt a bump on the driver's side rear.

Q: How fast were you moving when that happened?

A: Slowly, maybe walking pace. I was barely rolling.

Q: Did you stop after the impact, and what did you do next?

A: I stopped immediately. I got out, looked at both cars, and exchanged information with the other driver. Then I sat in my car for a few minutes because my neck staretd to ache.

Q: Did you seek medical attention?

A: I went to an urgent care clinic later that day. They said I had a neck strain and a lower back strain. I've been doing physical therapy twice a week since then.

Q: Have you had any problems with neck or back pain before this collision?

A: Nothing serious. I had some stiffness now and then from sitting at a desk, but I never had to see a doctor for it.

Q: Is there anything else you'd like to add to your statement?

A: Only that the pain has made it hard to sleep and I've missed a few days of work. I'm still getting treatment, and I'm hoping to get back to normal soon.

Q: Thank you. This concludes the recorded statement.
