Claim Notes

Claim number:	C-1422
Claimant:	Dawn Simmons
Adjuster:	Valerie Rodriguez

2023-07-25
The insured reported a collision at an intersection while turning left across oncoming traffic, and the claim was opened the same day. The insured is named on the policy, and the policy was in force at the time of loss.

2023-08-02
Contact was made with the other driver, who described the crash in the same way the insured did. Both drivers agreed the other vehicle was approaching from the opposite direction.

2023-09-07
Two independent witensses at a nearby business gave statements that match the sequence of events reported by both drivers. Their accounts were taken separately and were consistent with each other.

2023-09-16
Scene photographs were received from the insured and show damage to the front of the insured vehicle and the driver side of the other vehicle. The damage pattern lines up with a left turn into the path of the other car.

2023-09-27
The insured vehicle was inspected at a repair facility. The damage is consistent with the impact described, and no earlier damage was noted on the vehicle or in prior claim history.

2023-10-08
The claimant, who was a passenger in the other vehicle, reported a head injury and was taken to hospital for evaluation. A concussion was diagnosed and the claimant was discharged with follow-up instructions.

2023-10-20
The claimant has retained a lawyer, who has asked that all further contact go through that office. Future requests will be sent to counsel.

2023-10-29
The claimant described the crash in the same way in each conversation so far, including the initial call and the recorded statement. Medical records show no earlier injury to the same area of the head.

2023-11-13
The claimant's treatment has continued for somewhat longer than is typical for a concussion of this kind. The records show ongoing symptom management, and the clinical notes describe the injury as fitting the force of the collision.

2023-11-23
It is still not fully clear from the records and photographs where the claimant was seated in the vehicle at the moment of impact. The adjuster has requested seating details and any additional photographs from counsel.

2024-01-02
Based on the current file, the reported injury and vehilce damage fit the crash as described, and nothing so far suggests the damage predates coverage. The file will remain open pending the seating information and updated medical records.

Recorded Statement

Claim number:	C-1422
Statement of:	Dawn Simmons
Taken by:	Valerie Rodriguez
Date:	2023-05-16

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on this recording, but I can answer your questions about the accident.

Q: That's fine. Can you describe where the accident happened?

A: It was an intersection in Pasadena, Texas. I was turning left across the lanes when another vehicle hit my car on the driver's side.

Q: Which direction were you traveling before the turn?

A: I was heading straight through the intersection and then started to turn left onto the side street.

Q: Did you see the other vehicle before the impact?

A: I saw headlights, but I thought there was more time. I started my turn and that was when the collision happened.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: How are you feeling now?

A: Not great. I have a bad headache, I feel foggy, and bright lights bother my eyes. The doctor said I have a concussion and I need to rest for a while.

Q: Did you lose consciousness at any point?

A: I don't think I passed out completely, but everything went blurry for a few seconds and I was confused when the paramedics arrived.

Q: Have you been seen by a physician since the accident?

A: Yes, I went to the emergency room that evening and I've had a follow-up appointment since then.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm still having trouble concentrating at work, and I'd like my vehicle damage reviewed as soon as possible.

Q: Thank you. This concludes the recorded statement.
