Description of the accident (claimant's words)

I was driving through the intersection in Houston, Texas, when a vehicle coming from the cross street struck the side of my car. I had a green light and was moving at a normal speed when the impact threw my head sideways and then back against the headrest. I pulled over as soon as I could and checked on my passenger, who was unhurt. My neck and upper back began to stiffen within a few hours, and I was later diagnosed with whiplash. I have described what happened the same way to the responding officer, to the adjuster, and to the medical staff who treated me. I am the nmaed driver on this policy and I have the registration and insurance card available for review. I am submitting this statement so the claim can be processed.
