Harbor Point Mutual Auto Insurance

Bodily Injury Unit

Claim Notes

Claim number:	C-1429
Claimant:	Ryan Little
Adjuster:	Alison Sweeney

06/09/2025
Claim opened after a low-speed head-on collision reported by the insured driver, who is named on the policy. The claimant, who is not represented by counsel, reported a knee injury at the scene.

06/28/2025
Police report and two independent witnesses confirm the claimant was in the vehicle and that the collision happened as described. The other driver's statement mtaches the account given to us.

07/22/2025
Photos taken at the scene were reviewed. The damage is mostly in line with the described impact, and nothing suggests the damage happened before the coverage start date.

09/09/2025
Vehicle history shows no earlier damage on record. The claimant's medical records show no prior injury to the same knee.

01/01/2026
The claimant later added a few small details about the sequence of events, but the core account stayed the same across each conversation. Reported injury appears consistent with the kind and force of the crash.

01/02/2026
Treatment followed a usual course, with physical therapy and follow-up visits. Treatment tapered off as the claimant's knee improved and the provider noted steady recovery.

01/20/2026
Based on the consistent accounts, scene photos, and medical timeline, the claim is proceeding through standard evaluation with no open questions on liability or causation.

Recorded Statement

Claim number:	C-1429
Statement of:	Ryan Little
Taken by:	Alison Sweeney
Date:	06/12/2025

Q: Please state your full name for the record. Actually, we can skip that for this recording. Can you tell me where and when the accident happened?

A: It happened on a two-lane road in Baytown, Texas, in the late afternoon. I'd been driving home from work.

Q: Walk me through what happened before the impact.

A: I was heading east, going maybe thirty miles an hour because traffic was slow. A car coming the other way drifted into my lane while trying to pass a slower vehicle.

Q: Did you have time to react?

A: Not really. I hit the brakes and turned a little to the right, but we still collided nearly head-on. It wasn't a hard hit, but it was enough to jolt me.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Did the airbags deploy?

A: No, they didn't. The steering wheel and the dashboard were close to my knee, though, and that's where I felt the pain.

Q: Tell me about your injury.

A: My right knee struck the lower part of the dashboard. It swelled up within a couple of hours and I've had trouble bending it and putting weight on it since then.

Q: Did you seek medical care?

A: Yes. A paramedic checked me at the scene, and I went to an urgent care clinic later that evening. They took X-rays and sent me for a follow-up with a specialist.

Q: Have you missed any work?

A: Yes, I've been off for a few days and I'm on light duty now.

Q: Is there anything else you think I should know?

A: Only that the other driver apologized at the scene and gave me their insurance information. That's about all I can add.

Q: Thank you. This concludes the statement.

A: Okay, thanks.
