Description of the accident (claimant's words)

I was driving through Baytown, Texas, at a slow speed when the car in front of me stopped suddenly and I could not avoid a head-on impact. The collision was minor in force, but my left knee struck the dashboard and I felt sharp pain almost immediately. I stayed at the scene until the otehr vehicle's driver and the responding officer had finished speaking with me. Since that time I have remembered a few small details that I had not mentioned at first, such as where the other car was positioned after impact, yet the core of what happened has not changed in any way. I am the person named on this policy and I am submitting this statement so the claim can be reviewed. I continue to receive treatment for the knee and will provide records as they become available.
