Description of the accident (claimant's words)

I was backing out of a space in a grocery store parking lot in League City, Texas, moving slowly with my lights on, when a pickup coming down the aisle struck the rear quarter of my car. I got out and waited for the ohter driver to come over, and I told the same story to the store employee, to the responding officer, and to the adjuster who called me afterward. Nothing I described has changed. I am the named driver on this policy, and I am filing this claim for the damage to my vehicle. The impact threw my head against the side window, and a doctor later diagnosed a concussion. I have had headaches, sensitivity to light, and trouble concentrating since then, and I have been following the treatment plan my physician set out.
