Description of the accident (claimant's words)

I was changing lanes on a multi-lane road in Sugar Land, Texas, when the vehicle in the lane I was moving into drifted toward me and its side scraped along the passenger side of my car. I pulled onto the shoulder right away and staeyd there until the other driver and I had exchanged details. I have given the same account of what happened to everyone who has asked, including the responding officer, my insurer, and my doctor. Since the collision I have had stiffness and soreness in my neck and lower back, which my physician has diagnosed as a neck and back strain. I am the named driver on this policy and I am submitting this statement so the claim can be reviewed.
