Claim Notes

Claim number:	C-1432
Claimant:	Roger Hoffman
Adjuster:	Jerry Hanson

12/06/2023
Claim received by phone from the policyholder, who reports a low-speed head-on collision at an intersection earlier today. The claimant is not represented by an attorney and has provided a brief initial statement.

12/29/2023
Confirmed that the driver is named on the policy and that coverage was active at the time of the loss. No issues were found with the policy status.

02/07/2024
Police report obtained. It records the claimant as the driver of the vehicle involved and notes the collision as described in the initial statement.

02/26/2024
Spoke with the other driver, who gave an account of the collision that matches the claimant's description of how the vehicles met.

03/07/2024
Reviewed three witness statements and scene photos. All of them describe the collision the same way the claimant did, with the vehicles meeting head-on at low speed.

04/02/2024
Inspected the claimant's vehicle. The front-end damage lines up with the impact described and with the damage visible in the scene photos. No prior damage to the vehicle is known from our records or the inspection.

04/14/2024
Claimant reports a knee injury from striknig the dashboard and asks about medical payments. Repotred injury appears consistent with the type and force of the collision.

04/20/2024
Asked the claimant whteher there was any earlier problem with the same knee. The claimant denies prior injury to that area, and no prior claims or records show one.

04/30/2024
Claimant called back to add a few smaller details about the moment of impact, such as which way the car swerved. The core account is unhcanged from the first statement.

06/04/2024
Cliamant was treated at urgent care and then followed up with a physician. Treatment followed a usual course, and the claimant reports steady improvement with less pain and fewer restrictions over recent weeks.

06/06/2024
Reviewed the medical file. Treatment has tapered as expected for this type of knee injury, and the records are consistent with the collision and the claimant's reported recovery.

07/18/2024
Claim findings are consistent across the police report, witnesses, photos, the other driver, vehicle damage, and medical records. Recommending the claim proceed to standard evaluation of the medical payments and property damage coverages.

Recorded Statement

Claim number:	C-1432
Statement of:	Roger Hoffman
Taken by:	Jerry Hanson
Date:	12/07/2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident and my knee, if that's okay.

Q: That's fine. We'll keep it brief. Can you tell me where the collision happened?

A: It was on a two-lane road in Conroe, Texas, near a shopping center entrance.

Q: What time of day was it, roughly?

A: Mid-afternoon, maybe around three. It was daylight and the road was dry.

Q: Walk me through what happened.

A: I was heading east and slowing for traffic. The other car came over into my lane, and we ended up nose to nose. It wasn't a hard hit, but it was enough to jolt me.

Q: How fast do you think you were going?

A: Probably under fifteen miles an hour. I had just started to brake.

Q: Did your airbags deploy?

A: No, they didn't. I hit my right knee on the lower part of the dashboard.

Q: Did you get out of the vehicle at the scene?

A: I did, but my knee was throbbing and I had trouble putting weight on it. Someone at the scene called for help.

Q: Did you seek medical care?

A: Yes, I was taekn to an urgent care clinic that same afternoon. They took X-rays and told me there was swelling and possibly a ligament strain.

Q: Have you been seeing a doctor since then?

A: I've had two follow-up visits with my primary physician, and I'm doing physical therapy twice a week now.

Q: Is there anything you'd like to add?

A: Only that I'm trying to get back to work, and the knee still makes stairs difficult.

Q: Thank you. That concludes the statement.
