Description of the accident (claimant's words)

I was driving home through Houston on a weekday afternoon when the car in front of me stopped suddenly, and I braked as hard as I could. The vehicle coming the other way drifted across the center line and struck the front of my car in a low-speed head-on collision. Neither airbag deployed, and both cars could still be driven from the scene until they were towed. Within a few hours my neck and upper back began to ache, and by the next morning I had stiffness and pain that made turning my head difficult. I have described the events the same way to the officer, to the adjuster, and to my doctor. I am the named driver on this policy, and I am submitting this statement so the claim can be reviewed.
