Claim Notes

Claim number:	C-1434
Claimant:	Lindsey Walker
Adjuster:	Jerry Hanson

3 Apr 2023
First notice of loss received for a side impact at an intersection, with the claimant represented by counsel from the outset. Assigned for investigation and contact made with the representative to reqeust the initial statement and photographs.

10 Apr 2023
Reviewed the photographs submitted with the file. They confirm several details of the reported impact, although no independent witnesses have come forward to describe the collision.

20 Apr 2023
Damage to the vheicle is mostly consistent with the impact described. A few old scratches are visible, and it is possible they predate this loss, so they are being noted separately for the estimate.

6 Jun 2023
Confirmed that the driver lives with the policyholder and qualifies as a covered household member under the policy. Nothing in the file suggests the damage occurred before coverage began.

26 Jun 2023
The claimant has described the event the same way in each conversation so far. It is not yet fully clear where in the vehicle the claimant was seated at impact, so this is being followed up with the representative.

29 Jun 2023
Medical records report a shoulder injury, which is plausible for a crash of this type. No prior injury to the same area is known, and treatment has followed a usual course and tapered off as the claimant improved.

23 Sep 2023
Reviewed the file with the claim summary. Seating position remains the open item, and the evaluation will be updated once the representative responds to the outstanding request.

Recorded Statement

Claim number:	C-1434
Statement of:	Lindsey Walker
Taken by:	Jerry Hanson
Date:	15 Mar 2023

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the collision you reported at an intersection in Houston, Texas. Before we begin, do you consent to this call being recorded?

A: Yes, that's fine.

Q: Please state your full address for the file.

A: I'd rather just give the city and zip for now. I live in Houston.

Q: That works for the moment. Can you walk me through what happened at the intersection?

A: I was driving through on a green light, heading straight. A pickup coming from the cross street didn't stop and hit the driver's side of my car as I was crossing.

Q: Did you see the pickup before the impact?

A: Only a second before. I saw it coming but there wasn't time to do anything.

Q: Were there any witnesses, or a police report?

A: An officer came out and filled out a report. I think there was a man in a car behind the pickup who stopped and talked to him.

Q: Where were you taken after the collision?

A: An ambulance took me to the emergency room. They X-rayed my shoulder and my neck.

Q: Can you describe the injury you're claiming?

A: My right shoulder hurts badly when I raise my arm. The doctor said it could be a strain or possibly a tear, and I've been referred for an MRI. I'm also stiff in the neck, but the shoulder is the main problem.

Q: Have you seen a doctor since then?

A: Yes, I've been going to a physical therapist twice a week. I can't lift anything heavy at work right now.

Q: Is there anything you'd like to add about the accident?

A: Just that I was following the rules that day. I hope the other driver's insurance takes responsibility.

Q: Thank you. That concludes the statement.
