Description of the accident (claimant's words)

I was driving home from work when traffic in front of me slowed suddenly. I brkaed as firmly as I could, but the car behind me did not stop in time and struck the rear of my vehicle. The impact pushed my car forward and I felt a sharp pain in my neck and back. Three other people were riding with me, and all of us were hurt in some way. We stayed in our seats until emergency responders arrived and checked each of us. The accident happened on 2024-06-04 on a busy road in Sugar Land, near a set of traffic lights. My airbag did not deploy, but the seatbelt left a bruise across my chest. I am writing this statement so that the damage to my vehicle and our injuries can be recorded accurately for my claim.
