Description of the accident (claimant's words)

I was stopped at a red light on a main road in League City, Texas, when the vehicle behind me struck the rear of my car. I felt a hard jolt, and my head snapped forward and back before I could brace myself. Since then I have had stiffness and aching in my neck and lower back, and turning my head or sitting for long periods makes the pain worse. I have described what happened the same way each time I have spoken about it, whether to the officer at the scene, to the medical staff, or to the adjuster. I am the listed driver on this policy and was operating my own vehicle at the time. I am providing this statement so the claim can be processed, and I am willing to provide any further details or records that are needed.
