Harbor Point Mutual Auto Insurance

Bodily Injury Unit

Claim Notes

Claim number:	C-1437
Claimant:	Nancy Holt
Adjuster:	Alison Sweeney

2023-07-24
The insured's policy was reviewed and the driver listed on it is the same person who reported the collision while turning left at an intersection. Coverage was active at the time of loss, and nothing in the file points to damage predating the policy start.

2023-07-26
Police confirmed the claimant was in the vehicle at the scene and recorded the impact as a left-turn collision. Respondnig officers noted the vehicle positions matched the reported sequence.

2023-08-04
Scene photographs were obtained from the insured and show damage that is largely consistent with the described impact. No independent witnesses have come forward, so the photos are the main visual record of the event.

2023-09-15
The claimant, now represented by counsel, reported a concussion following the crash. The injury descriebd fits the kind and force of a side impact of this type.

2023-11-08
Medical records show the claimant was treated in the usual manner for this kind of head injury. No prior injury to the same body area appears in the records reviewed.

2023-11-27
The claimant gave the same account of the collision in every conversation so far, including the initial report and later calls with the adjuster. The sequence of events has not shifted between contacts.

2023-12-06
Vehicle inspection found no sign of earlier damage to the vehicle, and the repair estimate lines up with the reported impact. The file contains no evidence of prior collisions involving this vehicle.

2023-12-11
Treatment noets show the claimant's symptoms eased steadily over several weeks and the frequency of visits tapered as recovery progressed. The clinical course is consistent with a typical recovery.

2024-01-13
Counsel has requested an update on the bodily injury claim and was told the file is under active review. No additional documents were submitted with the request.

2024-02-14
Based on the policy confirmation, police report, photographs, medical records and vehicle inspection, the file is being handled as a standard left-turn collision claim. Next step is to finalize the injury evaluatoin with counsel.

Recorded Statement

Claim number:	C-1437
Statement of:	Nancy Holt
Taken by:	Alison Sweeney
Date:	2023-07-23

Q: Thank you for agreeing to give this recorded statement. Can you state your full name for the record?

A: I'd rather just go by my first name for now, if that's okay.

Q: That's fine. Can you tell me where you were when the accident happened?

A: I was in Pearland, Texas, at an intersection with a left-turn signal. I was heading toward a shopping center on the other side of the road.

Q: What were the weather and road conditions like?

A: It was clear and dry. Daytime, and traffic was moderate.

Q: Walk me through what happened as you turned.

A: I had the green arrow for the left turn, or at least I thought I did. I started across, and then a vehicle coming from the opposite direction hit the front passenger side of my car.

Q: Did you see the other vehicle before the impact?

A: Not really. I remember a flash of headlights and then the airbag went off.

Q: Were you injured?

A: Yes. I hit my head on the window frame and I've had headaches, dizziness, and some trouble concentrating. My doctor has told me I have a concussion.

Q: Have you received medical treatment since the accident?

A: I was taken by ambulance to a local emergency room, and I've been seeing a physician since then. I'm still going to follow-up appointments.

Q: Is there anything else you'd like to add?

A: Only that I'm trying to recover and I want my vehicle repair and medical bills handled properly. Thank you.

Q: Thank you. This concludes the statement.
