Description of the accident (claimant's words)

I was making a left turn at an intersection in Pearland, Texas, when another vehicle struck the side of my car. I had the green light and was waiting for a gap in oncoming traffic when the impact threw me against the door and then back into the seat. My head hit the window frame, and I felt dizzy and nauseous for the rest of the day. I have been diagnosed with a concussion and have been told to limit screen time and rest as much as possible. I have described the events the same way to the officer at the scene, to the adjuster, and to my doctor, and I have nothing to add or change. I am the named driver on my policy and I am submitting this statement so my claim can be processed.
