Claim Notes

Claim number:	C-1440
Claimant:	Tonya Compton
Adjuster:	Chelsea Hebert

2025-05-22
The claim was opened after the insured reported a rear-end collision at a signalized intersection, and the claimant's attorney has since notified us of representation. Initial contact with the claimant has been routed through counsel.

2025-06-21
The driver of the insured vehicle is a resident of the policyholder's household and is listed as a covered household member under the policy. Coverage eligibility has been confirmed for this loss.

2025-07-02
Scene photographs were received and show the rear bumper, tail lamp assembly, and trunk lid damage consistent with the reported impact. No independent witnesses have come forward, so the photos are the main visual record of the event.

2025-07-16
The police report and statements from the parties confirm the claimant was present in the vehicle at the time of the collision. No earlier damage to the claimant's vehicle has come to light in our review of prior claims and inspection records.

2025-09-15
Medical records show a diagnosis of a neck strain, which fits the type and force of a rear-end impact of this kind. No prior injury to the neck or upper back has been identified in the claimant's records.

2025-10-23
Treatment has followed a typical course, with therapy visits tapering as the claimant's range of motion improved. It is not yet clear whether all of the vehicle damage in the repair estimate resulted from this impact, so the supplement is under review.

2025-11-14
The claimant has given the same account of the collision in each conversation, including through counsel. Nothing in the file suggests that the damage occurred before the coverage period began.

2025-11-24
Next steps are to request the remaining treatment billing through counsel and to complete the damage review with the repair shop before the valuation is finalized.

Recorded Statement

Claim number:	C-1440
Statement of:	Tonya Compton
Taken by:	Chelsea Hebert
Date:	2025-04-14

Q: Thank you for agreeing to give a recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you can note that I'm the driver of the vehicle that was struck.

Q: That's fine. Can you describe where the collision happened?

A: It was on a main road in Pasadena, Texas, near a shopping center. I was stopped in traffic at a red light when it happened.

Q: What happened right before the impact?

A: I had come to a complete stop behind a line of cars. I checked my mirror, saw nothing unusual, and then felt a hard jolt from behind.

Q: Did the other driver say anything at the scene?

A: They apologized and said they'd looked down at their phone for a second. They didn't seem hurt, but they were upset about the damage.

Q: Were you injured?

A: Yes. My neck was sore almost right away, and by the next morning I had stiffness and pain when turning my head. I've been told it's a neck strain.

Q: Have you sought medical treatment?

A: I went to an urgent care clinic the same day and then saw my regular doctor a few days later. I'm doing physical therapy twice a week now.

Q: Are you still experiencing symptoms?

A: Some, yes. Driving for long stretches bothers me, and I've had some headaches. It's improving, but slowly.

Q: Is there anything else you'd like to add?

A: Only that I've been cooperative and I'm happy to send any medical records you need.

Q: Thank you. This concludes the statement.

A: Thank you.
