Description of the accident (claimant's words)

I was stopped at a red light on a busy road in Pasadena, Texas, when the car behind me hit my rear bumper hard enough to jolt my body forward and back. I felt an immediate stiffness and sharp pain at the base of my neck, and I have been dealing with a neck strain since. I have described the collision the same way each time I have spoken about it, to the other driver, to the officer at the scene, and to the adjuster who called me. I live in the same household as the policyholder and am listed under this policy as a member of that household, which is why I am submitting this claim as the driver. I have kept notes on my symptoms and the appointments I have attended, and I am willing to provide them on request.
