Description of the accident (claimant's words)

I was stopped at a red light on a busy street in Pasadena, Texas, when the car behind me struck the rear of my vehicle at what felt like a moderate speed. The impact pushed me forward against my seatbelt, and I felt my neck snap back and then forward. I got out to exchange information, and my neck and upper back were stiff and sore within the hour. I was taken to an urgent care clinic, where I was diagnosed with whiplash and given a neck brace and a course of physical therapy. I have described the events the same way every time I have spoken with the adjuster, the clinic staff, and the other driver's representatives. I am the named driver on this policy, and I am submitting this statement so my claim can be reviewed.
