Claim Notes

Claim number:	C-1442
Claimant:	Justin Brown
Adjuster:	Jerry Hanson

12 Feb 2023
Claimant reported a sideswipe while changing lanes on a multi-lane road and said the other vehicle drifted into their lane. Claimant is not represented by an attorney and was willing to speak directly.

15 Feb 2023
Reviewed the policy and confirmed the driver is named on it, with coverage in force at the time of the loss. No indication the damage predates the start of coverage.

16 Feb 2023
Police report lists the claimant as an occupant of the vehicle at the scene, and the responding officer's notes match the claimant's account of the lane change.

18 Feb 2023
Received photos from the claimant showing the driver's side panels. The images confirm the general area of contact, though no independent witnesses have come forward to describe the collision.

5 Apr 2023
Inspected the vehicle with the appraiser. The damage pattern matches the impact described, and a few older scratches on the rear quarter panel may predate this crash and will be noted separately in the estimate.

13 Apr 2023
Claimant reported neck and lower back discomfort the day after the collision and was seen at uregnt care. The reported injury, a back strain, fits the kind and force of a sideswipe at this speed.

24 Apr 2023
Obtained treatment records. Care followed a typical course of physical therapy and medication, with visit frequency tapering as the claimant's symptoms improved.

29 Apr 2023
Prior records show a small strain in the same area several years ago, which resolved fully with conservative care. The current complaint is being evaluated in that context.

9 May 2023
Spoke with the claimant again to review timeline and sequence of events. The account matched the initial statement in every conversation, with no materail differences in the description of the lane change.

11 Jul 2023
Requested the other driver's statement and contacted the reporting officer for any additional scene notes. File remains open pending receipt of the treatment summary and the final repair estimate.

13 Aug 2023
Reviewed the full file with the supervisor. Liability and damage appear consistent with the reported loss, and the claim will proceed to settlement evaluation once the medical summary is complete.

Recorded Statement

Claim number:	C-1442
Statement of:	Justin Brown
Taken by:	Jerry Hanson
Date:	14 Feb 2023

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the sideswipe collision you reported. Can you state where the accident occurred?

A: Yes, it was on the access road near the shopping center in Katy, Texas, around the middle of the afternoon.

Q: Please describe what you were doing right before impact.

A: I was driving in the right lane and wnated to move over to the left lane because the lane ahead was slowing down. I checked my mirror, put my signal on, and started to change lanes.

Q: Did you see the other vehicle before you moved over?

A: Not clearly. I glanced in my mirror and didn't see anything right beside me, but the other car must have been in my blind spot. When I drifted over, I felt a bump and heard scraping along the side of my car.

Q: Where on your vehicle did contact occur?

A: Along the driver's side, mostly the rear door and the back quarter panel.

Q: Did either vehicle leave the roadway or strike anything else?

A: No, we both stayed on the road. We pulled onto the shoulder after it happened.

Q: Did you feel any injuries at the scene?

A: I felt a pulling sensation in my lower back right away, but I thought it would pass. By that evening it was much worse, and I've had stiffness and sharp pain when I bend or lift.

Q: Have you sought medical treatment for your back?

A: Yes, I went to a clinic the next day, and they told me I have a muscle strain and gave me a treatment plan. I'm still going to physical therapy a few times a week.

Q: Is there anything else you'd like to add to your statement?

A: Only that I want to cooperate fully and I'm willing to provide any records you need.

Q: Thank you. This concludes the statement.
