Claim Notes

Claim number:	C-1443
Claimant:	Sarah Porter
Adjuster:	Jerry Hanson

4-1-25
Claim opened after a report of a minor collision in a parking lot. The claimant, who is not represented by counsel, reported neck pain and was advised to seek medical attention.

4-14-25
Spoke with the claimant by phone. Their account of the impact was consistent with the initial report, and they described the vehicle as having been stopped when the other car reversed into it.

6-13-25
The police report confirms the claimant was in the vehicle at the time of the collision. The responding officer recorded the location and the position of both cars.

6-30-25
Reviewed the photographs submitted by the claimant. They show damage to the rear bumper and tail light area, which is mostly in line with the impact described. No independent witnesses have come forward.

7-20-25
Confirmed with the insured that the driver involved is named on the policy and that coverage was in force at the time of loss. Nothing in the file suggests the damage predates the policy start.

7-24-25
Obtained the vehicle's prior claim and repair history. No earlier damage to the vehicle is recorded, and the repair esitmate has been scheduled for review.

7-26-25
The claimant's medical records show initial treatment with a physician, followed by a usual course of physiotherapy. The reported injury fits the kind and force of the collision.

7-30-25
Checked the claimant's history for any prior neck or upper back complaints. None is known, and the claimant has told the same account in every conversation so far.

8-3-25
Follow-up call with the claimant. Symptoms have eased steadily, and the treatment plan is winding down as they recover.

10-3-25
Reviewed the file as a whole. The claim is progressing as expected, with the medical treatment tapering as recovery continues, and the repair estimate is pending final sign-off.

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you can use the claim file for that.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was in a parking lot in Pasadena, Texas, near the entrance of a grocery store. I'd just found a spot and was backing out slowly.

Q: What happened next?

A: Another vehicle came down the aisle fairly fast. I didn't see it until it was almost on me. It clipped the rear corner of my car. I hit my brakes, but the jolt still threw me forward and back.

Q: Did you have any contact with the other driver?

A: Briefly. They got out, said they were sorry, and asked if I was okay. We exchanged insurance information and that was about it.

Q: When did you first notice you were hurt?

A: Not right away. By that evening my neck was stiff, and by the next morning I had pain running into my shouldres and headaches.

Q: Have you seen a doctor since then?

A: Yes, I went to urgent care the following day and then started physical therapy. The doctor said it looked like whiplash.

Q: Are you still having symptoms?

A: Yes, I still have stiffness when I turn my head, and I've had trouble sleeping because of the neck pain.

Q: Thank you. Is there anything else you'd like to add?

A: Just that I'm willing to provide my medical records. I want this handled properly.

Q: Understood. Thank you for your cooperation. This concludes the statement.
