Claim Notes

Claim number:	C-1445
Claimant:	Steven Chavez
Adjuster:	Chelsea Hebert

06/09/2025
Claim received for a sideswipe that occurred whlie the insured's vehicle was changing lanes. The claimant is represented by counsel, and all further contact will be routed through the attorney's office.

06/27/2025
Reviewed the police report, which places the claimant inside the vehicle at the time of impact. Statements from the other driver and two independent witnesses describe the collision the same way the claimant did.

06/28/2025
Photographs of the scene and both vehicles were uploaded to the file. The damage pattern is largely consistent with the impact described, with most of it concentrated along the passenger-side panels.

07/11/2025
Confirmed with the policy records that the driver involved is listed as a named driver on the policy. Coverage was in force at the time of loss, and nothing in the vehicle history points to damage that predates the policy start.

07/19/2025
Spoke with the claimant's attorney, who reported whiplash symptoms. The claimant has given the same account of events in every conversation so far, without material variation.

08/09/2025
Medical records show the claimant was treated for the same body area within the past two years. The earlier condition appears to add to the current complaints, and the treating provider has been asked to separate the two in the notes.

08/24/2025
The reported injury is consistent with the type and force of the collision. Treatment has followed a typical course, with visits tapering as the claimant's symptoms improved.

12/11/2025
No prior damage to the insured vehicle is known from inspection or from any previous claim on file. The repair estimate has been reviewed against the photos and the described impact.

01/15/2026
File is being prepared for the next review step. Remaining items include the final treatment summary from the provider and the attorney's demand letter, once received.

Recorded Statement

Claim number:	C-1445
Statement of:	Steven Chavez
Taken by:	Chelsea Hebert
Date:	06/03/2025

Q: Thanks for taking the time to speak with me today. This recorded statement is about the sideswipe collision you were involved in while changing lanes in Sugar Land, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state where you were driving and what you were doing right before the impact.

A: I was in the right lane on a four-lane road, heading toward the highway. I checked my mirror, signaled, and started moving into the left lane to get around a slow truck.

Q: When you moved over, what did you see?

A: I glanced over my shoulder and thought the lane was clear, but a silver sedan came up from behind me and clipped the side of my car. I felt the jolt and my car pulled slightly to the right.

Q: Did you or the other driver stop after the contact?

A: Yes, we both pulled onto the shoulder. The other driver got out and we exchanged information right away.

Q: Did you feel any injury at the scene?

A: Not right away. I was shaken up, but I figured I was fine. By that evening my neck was stiff and the pain started spreading into my shoulders. It got worse over the next day or two.

Q: Have you sought medical care since the collision?

A: Yes, I saw my doctor and I've been going to physical therapy twice a week. The doctor said it looks like whiplash from the sudden jerk of the impact.

Q: Is three anything else you'd like to add about the accident?

A: Only that I was careful with my signal and mirror check. I just didn't expect the car to come up so fast.

Q: Thank you. That concludes the statement.

A: Thank you.
