Investigating officer:	Officer Jesse Williams, Badge 1015

Occupants of each vehicle

Vehicle	Seat	Name
Vehicle 1 (insured)	Driver	Charles Velazquez
Vehicle 1 (insured)	Passenger 1	Susan Ellis
Vehicle 1 (insured)	Passenger 2	Michael Maxwell
Vehicle 2	Driver	Cheryl Sharp

Officer's narrative

Driver 1 was traveling in the center lane of a multi-lane roadway in Baytown, Texas, when the vehicle moved left to change lanes and made contact with the side of Driver 2's vehicle, which was in the adjacent lane. Driver 1 is the named insured on the policy involved. Responding officers observed scrape marks and paint transfer along the right rear quarter panel of Driver 1's vehicle, consistent with the side-to-side contact described by both drivers, and the damage pattern is in line with the impact reported. Photographs taken at the scene show the vehicle positions and confirm several of the details given by the drivers. No independent witnesses were located, and no prior damage to either vehicle was known to the parties or observed at the scene. Passenger reported neck and upper back pain consistent with whiplash and said the force of the contact therw them against the seat. Passenger's exact seating position in the vehicle could not be fully established during the interview, and the account given on that point was not entirely clear. Passenger was transported for evaluation. Officers did not issue a citation at the scene, and the matter was documented for review.
