Bodily Injury Unit

Claim Notes

Claim number:	C-1453
Claimant:	Tracy Edwards
Adjuster:	Alison Sweeney

05/09/2024
The claim was reported by the claimant's representing attorney's office after a rear-end collision at a signalized intersection. The insured vehicle was struck from behind whlie stopped, and the claimant reported neck and back discomfort at the scene.

06/04/2024
The driver of the insured vehicle is not named on the policy and does not live with the policyholder, so driver status is being reviewed against the policy terms. A recorded statement has been requested through counsel.

06/27/2024
Photos submitted by the claimant show the rear bumper area and the front of the claimant's vehicle. The images confirm some of the reported impact details, but there are no independent witnesses to the collision.

06/30/2024
It is not fully clear where in the vehicle the claimant was sitting at the time of impact, and the seating position will need to be confirmed before injury causation is assessed. The claimant has described the seating position consistently so far.

07/26/2024
The claimant told the same account of the collision in every conversation with this office, including the initial report and the follow-up call with counsel present. No inconsistencies have been noted in the timeline of events.

07/31/2024
No earlier damage to the vehicle is known from prior claims history, and nothing suggests the damage occurred before the policy coverage started. Prior ownership reocrds are being requested to confirm this.

08/30/2024
It is not clear whether all of the damage to the claimant's vehicle came from this impact, so an independent estimate has been ordered to spearate any pre-existing wear from new damage.

09/08/2024
Medical records show a diagnosis of back strain. No earlier injury to the same body area is known from the records received so far, but prior provider history has been requested.

09/23/2024
Treatment has continued somewhat longer than is typical for this injury, and the treating provider's ntoes have been requested to review the treatment plan and its link to the collision.

10/09/2024
It is not yet clear whether the injury came from this crash or from another cause. The medical reviewer has been asked to give an opinion on causation once the full records are in.

10/25/2024
Next steps are to obtain the outstanding records, complete the damage estimate review, and schedule a follow-up with counsel. The file will remain open pending these items.

Recorded Statement

Claim number:	C-1453
Statement of:	Tracy Edwards
Taken by:	Alison Sweeney
Date:	04/25/2024

Q: Thank you for agreeing to give a recorded statement today. Please state your full name for the record.

A: I'd rather not give my name on the recording, if that's okay. I'm the driver of the vehicle that was struck.

Q: That's fine. Can you tell me where and when the collision happened?

A: It was on a weekday afternoon in Pearland, Texas, on a main road near a shopping center. I was stopped at a red light in the rihgt lane.

Q: What happened next?

A: The car behind me didn't stop in time. I felt a hard jolt from behind and my head snapped back against the headrest.

Q: Did you exchange information with the other driver?

A: Yes. We swapped insurance and contact details. The other driver said they looked down at their phone for a second.

Q: Did the police respond to the scene?

A: An officer came out and took a report. I think it's on file, but I didn't get a copy yet.

Q: How are you feeling physically?

A: My lower back has been sore since then, and the pain gets worse when I sit for a long time. I saw a doctor the next day and was told I have a back strain. I've been doing physical therapy twice a week.

Q: Were you able to drive your car afterward?

A: The car was drivable, but the rear bumper is damaged and the trunk doesn't latch right. I've been using a rental since then.

Q: Have you missed any work because of the injury?

A: A few days, yes. I'm back to work now, but I'm limited on lifting and I need to stand up and move around often.

Q: Is there anything else you'd like to add to your statement?

A: Only that I want to cooperate fully and get my car repaired. Thank you.
