Claim Notes

Claim number:	C-1455
Claimant:	Gina Smith
Adjuster:	Christopher Wong

2024-02-21

Claim opened for a low-speed collision in a parking lot involving two vehicles. The insured's vehicle was struck while backing out, and the claimant reports a wrist fracture. The claimant is represented by counsel, and all further contact is being routed through the attorney's office.

2024-04-30

Reviewed the photos submitted at first notice, which show rear-quarter damage on the claimant's vehicle that lines up with the described impact. Police report and two independent witnesses place the claimant inside the vehicle at the time of the collision. The other driver gave a statement that matches the account already on file.

2024-05-20

Confirmed the driver is listed on the policy and that the policy was in force on the date of loss with no gaps in coverage. Vehicle history shows no prior damage claims on record for this vehicle, and no earlier damage to the rear quarter panel appears in any inspection notes.

2024-06-21

Medical records show a wrist fracture consistent in location and severity with a collision of this force. No prior injury to the same wrist or arm appears in the claimant's records. The claimant's account of events has stayed the same in every conversation, including the recorded staetment given through counsel.

2024-07-02

Treatment followed a typical course of immobilization, follow-up imaging, and physical therapy. Recent provider notes describe steady improvement and a reduced need for visits, and the treating physician has indicated the claimant is nearing the end of active care.

2024-08-03

Liability and damages are being evaluated against the documented facts. Settlement discussions with counsel are scheduled to begin once the final treatment summary is received and the repair estimate is finalized.

Recorded Statement

Claim number:	C-1455
Statement of:	Gina Smith
Taken by:	Christopher Wong
Date:	2024-02-10

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd prefer to keep my name off this one for now, if that's alright. You can reference the claim file.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was in a parking lot in Baytown, Texas, near one of the big retail stores. I had just pulled into a row to find a space.

Q: What were you doing right before impact?

A: I was driving slowly, maybe ten or fifteen miles an hour. I was looking for an open spot on the right side of the lane.

Q: Describe the other vehicle.

A: It was a pickup truck, dark colored. It came out from a parking space on my left, backing up. I didn't see it until it was already in front of me.

Q: Did either of you sound a horn or try to stop?

A: I hit my brakes as hard as I could. I don't think the driver saw me until the last second. I didn't have time to honk.

Q: How did you get hurt?

A: My wrist took the brunt of it. I threw my arm up against the steering wheel and the airbag. The doctor later told me it was fractured.

Q: Did you receive medical treatment?

A: Yes, I went to an urgent care clinic that same afternoon. They X-rayed it and put me in a splint. I have a follow-up with an orthopedic specialist next week.

Q: Is there anything else you think I should know?

A: Only that I'm still having trouble gripping things and I can't drive for long stretches right now. I'd appreciate it if this could be handled promptly.

Q: Thank you. That concludes the statement.

A: Thank you.
