Description of the accident (claimant's words)

I was driving slowly on a two-lane road in Katy, Texas, when the car in front of me stopped short and I braced for impact. The other vehicle came toward me head-on as it crossed into my lane, and although neither of us was moving fast, the jolt was enough to push my head forward and then back against the seat. My neck tightened right away, and by that evening my lower back had joined in with a dull, constant ache. I have described what happened the same way each time I have spoken with the adjuster, the officer at the scene, and the clinic staff, and I have nothing to add or change. I am the named driver on this policy, and I am submitting this statement so the claim can move forward.
