Claim Notes

Claim number:	C-1462
Claimant:	Melissa Hawkins
Adjuster:	Darin Tyler

2025-07-01
Insured reported a sideswipe during a lane change. The insured's policy is active and the driver listed on the policy is the person who was operating the vehicle at the time.

2025-08-10
Claimant has retained an attorney, who has asked that all communication go through their office. Claimant's account of the collision has remained the same in every conversation so far.

2025-08-22
Photos submitted with the file confirm several details of the contact point and the vehicle positions. There are no independent witnesses to the lane change itself.

2025-10-04
Damage to both vehicles is mostly consistent with the described impact. A few older scratches near the rear quarter panel may predate this loss and have been noted separately.

2025-11-05
Responding officer's report and statements from witnesses indicate the claimant was not inside the vehicle when the collision occurred. This conflicts with the claimant's own description and needs to be reconciled before any payment decision.

2025-11-08
Claimant reports a back strain from the collision. Medical records show a treatment course that ran somewhat longer than is typical for this type of injury, and no prior injury to the same area has come up in the records reviewed so far.

2025-11-10
The impact appears to have been very light, which makes the severity of the claimed injury difficult to match to the physical damage. Nothing in the file suggests the damage occurred before the coverage start date.

2026-01-05
Referred the file to the claims review group for a second look at the injury causation and the conflicting statements about the claimant's location. Attorney has been notified that the claim is under further review and that a decision will follow once that review is complete.

Recorded Statement

Claim number:	C-1462
Statement of:	Melissa Hawkins
Taken by:	Darin Tyler
Date:	2025-06-10

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it as the passenger, if that's okay. I was in the car that got sideswiped.

Q: That's fine. Can you tell me where you were when the collision happened?

A: We were on the main road in Sugar Land, heaidng toward the shopping center. It was a clear afternoon and traffic was moving fairly well.

Q: Who was driving, and what was the vehicle doing at the time?

A: My friend was driving. We were in the right lane, and the other car came over from the left lane and clipped the side of us as it changed lanes. It didn't look like they checked their mirror.

Q: Did you see the other driver signal before they moved over?

A: I didn't see a signal. I was looking at my phone, so I honestly can't say for sure.

Q: What happened to your body during the impact?

A: I was jolted sideways and then forward against the seatbelt. My lower back hit the seat hard, and I felt a shrap pain right away.

Q: Did you seek medical attention afterward?

A: Yes, we went to urgent care that evening. They said it looked like a back strain and gave me some muscle relaxers and told me to rest.

Q: Are you still experiencing symptoms?

A: Yes, it's been a few weeks now. Sitting for long periods is the hardest part, and I've had to skip some shifts at work because of it.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm hoping this gets sorted out, because I didn't do anything to cause it.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
